# Scala

Effective: 18th August 2023

Build your own

# Timelessly new

The Scala strikes just the right balance between boldly new and timeless. Its taut, sophisticated five-door profile encompasses a host of unique new features and intuitive technology.

Sporty, generously spacious and versatile, it adapts to go wherever life takes you. Unmistakably Škoda yet fresh from bumper to bumper, the Scala moves you seamlessly into the next era.

Models shown are not UK specification. Some of the equipment shown is optional.

# Strikingly versatile

You know it's a Škoda because of the iconic styling cues. But with the Scala, a stronger, sharper shoulder line, sleeker LED headlights and a deep lower grille mark new territory. The Škoda name is positioned proudly across the boot, while the dimensions combine stability, safety and space efficiency. In the Scala, substance and style live happily together.

 **Build your own**

## Extended tailgate glass

Personalise your Scala by extending the tailgate glass down beyond the lettering.

## Panoramic roof

Enhance your travel experience by lighting up the interior and, on sunny days, prevent dazzling passengers with the electric sun blind. From the outside, every inch of the roof is covered with the black design detailing.

## Full LED headlights

These LED headlights use diode technology and incorporate dynamic headlight range control, cornering and side lights. The lights also feature another interesting detail – the Škoda CRYSTAL LIGHTING inscription – in reference to the tradition of Bohemian glass-making, which is an important element in the design of Škoda cars.

Models shown are not UK specification. Some of the equipment shown is optional.

# Inner strengths

The inside story is inspiring. Bright, airy, spacious and a quality feel are Škoda trademarks, but there is much more to explore. New tactile trim and materials are complemented by next-generation driver assistance, comfort and safety systems – while ambient lighting creates a subtle welcome. Once inside, the Virtual Cockpit incorporates a host of online services, extra functionality and plenty of scope for personalisation. More than ever, this is your space.

Models shown are not UK specification. Some of the equipment shown is optional.

**Virtual cockpit**  
10.25" digital display replaces the traditional instrument dials and can be customised with five views (Classic, Basic, Extended, Modern and Sport).

**Ambient lighting**  
Tailor your space to be more comfortable with subtle ambient lighting running along the dashboard.

**Climate control air conditioning**  
Whether keeping you cool in the summer or cosy in the winter, this electronic system provides year-round comfort. It's also fitted with a humidity sensor to reduce windscreen misting.

**Rear passenger comfort**  
The knee and head room in the rear is exceptional, and includes heated rear seats that are regulated by a separate control on the rear side of the front armrest. Two USB-C slots enable convenient universal media charging.

Models shown are not UK specification. Some of the equipment shown is optional.

## Eager and efficient

Every option in the Scala engine range brings you a balance of strengths and you'll enjoy refined accessible power and real efficiency.

### Drive mode select

Allows you to select the car's parameters and behaviour featuring Normal, Sport and Eco mode, plus Individual mode to truly meet all your needs.

### Direct Shift Gearbox (DSG)

The seven-speed DSG automatically adapts to your driving style, whilst taking road conditions into account. It reduces the strain on the engine and stress to the driver, by deciding when to change gear, leaving you free to concentrate on the journey.

### Sport chassis control

A system of adjustable shock absorbers to improve ride and handling. With Normal mode for everyday travelling and long journeys, and Sport mode which improves the road grip in more dynamic driving conditions.

# Innovation at every turn

**Stay connected**

The new Škoda Connect system turns the Scala into a fully interconnected car. Infotainment Online provides satellite navigation, traffic reports and calendar updates. [Click here to go to Škoda Connect.](#)

**Smartlink**

From taking calls to switching between your favourite playlists, SmartLink enables you to safely use your smartphone through the infotainment system.

**Navigation system**

The Amundsen satellite navigation system with 9.2" colour touchscreen display will happily get you from A to B, but why stop there? With its Bluetooth®, DAB and SmartLink capability, it offers more connectivity on the go.

**Infotainment**

The Scala features the latest generation of infotainment system offering greater connectivity and personalisation than any other Škoda, allowing you to set your favourites for easy access every time.

Images shown may not be UK specification. Some of the equipment shown is optional.

# Space to savour

You'd expect the Scala to provide plenty of user-friendly space, simple controls and a quality feel. But we've taken the interior to a whole new level. Now there's more space for everyone and their belongings, with an impressively vast luggage compartment and a cabin that really lets everyone relax. When you glance at the sharp, compact exterior, you wouldn't believe how accommodating the Scala can be.

As you would expect from Škoda, Scala features one of the largest luggage compartments in its class. Combined with a roomy interior, it makes all passengers, front and rear, feel comfortable even on long journeys.

### Jumbo box

The Jumbo Box is extremely handy for holding cups, as well as storing your gadgets, house keys and books.

### Electrically adjustable driver seat

We go to great lengths to put comfort firmly in the driving seat. Quite literally in this case, as the driver's seat can be electrically adjusted including the lumbar support to suit your needs.

### Spacious storage

Several storage compartments have been included in the interior to help you keep it looking its best. With optional Climate Control, the glove compartment can be air-conditioned, making it perfect for storing chilled refreshments.

### Foldable tables

Built into the backrests of both front seats, the foldable tables with drink holders can be used for more than just your refreshments.

Images shown may not be UK specification. Some of the equipment shown is optional.

# It's all in the detail

Thoughtful, simple details count. So we've added a whole host of them to the Scala. These are the features that make everyday trips and longer journeys effortless. There are lots of optional touches to choose from too – covering entertainment, communication, storage and much more.

## Electrically operated boot

The boot can be opened and closed at will with a quick touch of a button on the remote control or in the driver's door. A button for closing the boot is also located on the boot door itself.

### Umbrella storage

A spot of rain will never dampen your spirits again thanks to the umbrella located in the driver's door.

### Rear-view camera

Hidden under the boot handle, the rear-view camera makes light work of reverse parking, with an integrated washer to keep obstacles visible.

### Electrically folding tow bar

Activated by a switch in the boot, the SCALA's foldable tow bar ensures it is safely hidden when not required.

Images shown may not be UK specification. Some of the equipment shown is optional.

# Safe to the core

The safety of you and your passengers is built into every part of the Scala. It starts at the very heart of the car – with a strong, rigid body, a finely tuned chassis and carefully designed crumple zones. We've added a range of clever electronic features and advanced driver assistance technology, so everyone on-board enjoys reassuringly advanced protection.

### Hidden protection

Cleverly concealed under the steering wheel column, the knee airbag is designed to protect your joints and shins in the event of a collision. This ingenious safety feature is available as an option on SE and SE L models.

### Auto light assist

Automatically turns the full beam on and off depending on the current lighting conditions and traffic.

### Adaptive Cruise Control

Adapt your speed automatically with Adaptive Cruise Control, which uses the radar in the front grille to maintain a constant distance from the vehicle in front at speeds of 15mph or more.

### Rear parking sensors

The sensors integrated in the rear bumper monitor the car's distance from any obstacles. Acoustic and visual signals are activated when parking or prompted by the driver.

### Lane assist

This system is designed to keep the vehicle in its lane and, if necessary, alert the driver of an unwanted lane change.

Images shown may not be UK specification. Some of the equipment shown is optional.

# Scala SE

There's nothing standard about the host of features on SE models. We've included numerous elements that define the Scala's exceptional levels of comfort and advanced driver assist technology.

## Standard equipment

### Wheels

- > 16" Orion alloy wheels

### Safety and security

- > Alarm
- > Rain and light assist
- > Front assist
- > Lane assist
- > Emergency call and proactive services
- > Temporary space saver spare wheel

### Exterior

- > Basic LED headlights
- > Front fog lights

### Interior

- > 2-spoke leather steering wheel, gear and handbrake lever
- > Chrome inner door handles

### Entertainment and communication

- > Bolero radio with 8" glass touchscreen display with eight speakers, bluetooth and smartlink
- > Two USB-C ports

### Comfort and convenience

- > Rear parking sensors
- > Manual air conditioning
- > Electrically adjustable and heated door mirrors
- > Height adjustable front seats
- > Hill hold control
- > Cruise control and speed limiter

Dual-zone climate control

# Scala SE

## Recommended options

### 17" Stratos alloy wheels

Including anti-theft wheel bolts.

### Privacy glass

On the rear passenger windows, privacy glass not only adds a sporty look, but also offers protection from the sun.

### Front and rear parking sensors

The sensors produce an acoustic sound when reversing towards objects to inform the driver of the distance between the car and the object.

### Rear-view camera

When reversing, use the camera to help manoeuvre the car. The camera is displayed on the infotainment display so you can quickly and easily check the camera and the mirrors.

### Dual-zone climate control

Control heating and ventilation for driver and passenger individually.

Rear-view camera

Privacy glass

Models shown are not UK specification. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

## Scala SE L

Adding depth to the generous SE specification, SE L brings technological and material refinements that really make your journey.

### Standard equipment (over SE)

#### Wheels

- > 17" Stratos alloy wheels

#### Exterior

- > Cornering front fog lights
- > Privacy glass
- > Electrically folding door mirrors
- > Rear LED lights with dynamic indicators

#### Interior

- > Fabric/Microsuede upholstery
- > Chrome on gear and handbrake lever
- > Chrome strip on dash and door panels

#### Entertainment and communication

- > Amundsen satellite navigation with 9.2" glass colour touchscreen with Web Radio
- > Virtual cockpit

#### Comfort and convenience

- > Climate control air conditioning
- > Colour multifunction trip computer
- > Keyless entry and start/stop
- > Rear centre armrest

Virtual cockpit

Keyless entry and start/stop

Models shown are not UK specification. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).

## Scala SE L

### Recommended options

**18" Vega Aero polished black alloy wheels**  
Including anti-theft wheel bolts.

**Adaptive Cruise Control**  
Adapt your speed automatically with Adaptive Cruise Control, to maintain a constant distance from the vehicle in front.

**Electrically operated boot**  
Gain instant entry to the boot by simply pressing the button on the remote control, inside the cabin or directly on the boot.

**Chrome window surround**  
Add a touch of chrome to accentuate the exterior window design.

**Simply Clever Pack +**  
Make use of clever Škoda features like 12V socket in the luggage compartment, storage boxes under front seats, tablet holders and door edge protection.

Models shown are not UK specification. Information regarding tyre technical specifications can be found by visiting the Škoda car configurator [here](#).
